

“STEP UP TO SILVER!”

Welcome

Debbie Clement

Good Food, Good Life

What's Envibe?

- Free help for organisations to improve environmental performance
- Expert Government Funded Partners
- FREE site reviews to identify actions that cut costs and consumptions (waste, energy, travel, water and purchasing)
- Implement actions and attain awards to recognise excellence
- Additional support through forums, campaigns and activities

Envibe Today

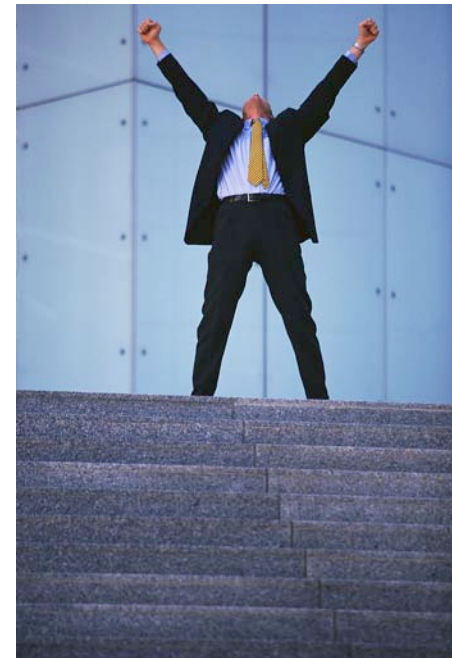

- More than 650 businesses involved
- More than 160 business achieved Envibe Award Status
- Since 2006, 18 businesses have saved £1m as part of Envibe Challenge
- Over 450 businesses recycle 1250 tonnes paper/card per year with Croydon Council
- other recycling services also used

Silver Award Benefits

- Financial Savings
- Reduced use of resources
- Competitive Edge
- Increased staff morale
- Higher retention rates
- Increased Publicity
- Community focus
- Prepared future requirements

= Improved Corporate Image

What we are looking for

- A Bronze ENVIBE award
- Carried out a free **environmental review** provided by an ENVIBE partner and implemented at least one of the recommendations.
- At least one initiative to reduce or recycle waste
- At least one initiative to save energy or water
- Demonstrate improvement as a result of these initiatives e.g. statistics

What we are looking for

- Show clear commitment to the environment through an **environmental policy** and/or evidence of environmental criteria in staff training or job descriptions
- Visibility / awareness of businesses environmental commitment

Environmental Review

- Free environmental review of your choice
Waste, water, energy, travel or green purchasing
- Carried out by Envibe or an ENVIBE partner organisation
- Either by phone or a site visit.

AIM:

To make tailor made environmental recommendations, and provide support, as to how you can improve your environmental performance.

BENEFITS:

In most cases it will also identify cost-savings and other business benefits including reduced consumption of resources.

Environmental Policy

- Downloadable templates available on the Envibe website
- Environmental policy
- Purchasing policy
- Waste management policy

AIM:

Translate the core environmental aims and beliefs of the business into objectives and guidelines for Action, informing and impacting all areas of work

Environmental Policy Benefits

- Help your business to stay within the law
- Improve information for staff about their environmental roles & responsibilities
- Improve cost control
- Reduce incidents that result in liability
- Conserve raw materials and energy
- Improve your monitoring of environmental impacts
- Improving the efficiency of your processes

Why do they like it?

- “ENVIBE have always been exceptionally professional, knowledgeable, helpful and a tremendous asset in assisting us with our environmental inquiries. Their team approach ensures that our business needs are taken into consideration and an achievable plan is built around our timescales. Envibe’s services have been invaluable.”

**Rose Farrar, Corporate Social Responsibility (CSR)
Advocate, Mondial**

- *“With energy initiatives high on our agenda, working with the ENVIBE Challenge has given us, and our work, a real boost. It has also given us brilliant opportunities to work with a variety of experts to further our knowledge. Our potential savings, apart from reducing our impact on the environment, are nearly £30,000.”*

Claire Ash, Environmental Manager, EPS Projects.
